WELCOME TO LIFETIME

“LIFETIME has been looking at the world through children’s eyes for more than 50 years. We are proud of our Danish design, production and craftsmanship, where sustainable thinking and high quality ensure safety for your child. We have a shared responsibility for our world and all children because they are our future.”

CHILDREN ARE OUR FUTURE.

LIFETIME Kidsrooms is the brand of our Danish family business M. Schack Engel A/S, which was established in 1972, with a production history dating back to 1924. With the 4th generation involved in the family business we know the importance of healthy and happy children, who can carry on our legacy.

WE THINK SUSTAINABLE

Our production in Denmark underlies strict safety rules regarding employees and the environment. However, we want to do more. Therefore, we purchase electricity from windmills, heat our facilities with leftover materials and contribute to a circular economy by sorting our waste. We keep challenging ourselves to protect what we have.

WE ENSURE SAFETY

With our expertise we offer a product that is safe to use. Our bed construction is tested by TÜV Germany and complies to all requirements of DIN EN 747-1:2015 – 747-2:2015. We continuously develop our safety features, so that we can ensure a safe product for all future generations.

WE ARE PROUD OF OUR PRODUCTS

50 years of experience with manufacturing furniture for children, is the reason that we are proudly looking back at our history and a well-developed product range. We offer a 5-year guarantee for manufacturing faults on all our bed constructions. It is our purpose to produce premium furniture for children, where quality, safety, creativity and sustainability are the main ingredients.

WE CARE ABOUT OUR WORLD

Our wooden materials come from responsibly managed forests in Northern Europe. Here the trees grow slower, which secures a harder and premium quality material. The finishes of our products are water-based and not harmful, neither to children nor to the environment.

WE MAKE DREAMS COME TRUE

The LIFETIME Kidsrooms collection has a variety of exciting beds, from the adventure bed to a 4-poster bed, practical cabin beds and clever high beds, that redefine storage and space. Our different mattresses and slats are here to cater to the individual needs – to altogether ensure sweet dreams in a bed that makes dreams come true!

John Engel
Director

Our family business works hard to contribute with a positive impact to our environment and our community. We support local sport clubs, voluntary children's organisation, community centres and supportive organisations for the elderly.

By choosing a LIFETIME bed you also choose:

Premium furniture made in Denmark

Products that last for years

A sustainable production facility with advanced machines and safety precautions

Products finished with materials that are safe and approved

Employees who earn a fair salary, receive benefits and collect a pension

A family business that looks back at many years of experience through 4 generations

A 5-year guarantee on our bed constructions and individual service!

BY CHOOSING A LIFETIME BED YOU CONTRIBUTE
TO OUR POSITIVE IMPACT TO SOCIETY.

Our production facility and office are remotely placed in the countryside of Southern Jutland. Our down to earth mentality is driven by the beautiful environment that surrounds us. It reminds us daily just how important it is, to preserve what we have for ourselves and future generations. Therefore, we challenge ourselves to find the most sustainable solutions.

PREMIUM FURNITURE FOR CHILDREN

At LIFETIME Kidsrooms we are proud of the premium quality of our products. Therefore, we offer a 5-year guarantee against manufacturing faults on all bed constructions. Our LIFETIME beds are a sustainable solution because they are enduring, are flexible to individual needs and can be rebuilt without losing their stability. Our premium quality assures a strong and long-lasting product.

1. JUNIOR BED H25 x W144 x D74; ART. 7032B-N BABY MATTRESS SOFT SANITISED H12 x W140 x D70; ART. 7084 FITTED SHEET CLASSIC WHITE BABY/JUNIOR W140 x D70; ART. 70140 2. CHANGING UNIT WITH 2 DRAWERS H102 / 90 x W84 x D53 / 73; ART. 7033N

4-IN-1 BED

1. THE FLOOR BED

The low version of the 4-in-1 bed is perfect for smaller children, who then can step in and out of the bed by themselves. Use this set-up as a spacious junior bed and allow your child to practice important skills. With a fabric roof or canopy Fairy Dust the bed is even more inviting for sweet dreams.

2. THE BASIC BED WITH ROOF, CANOPY OR HOUSE CONSTRUCTION

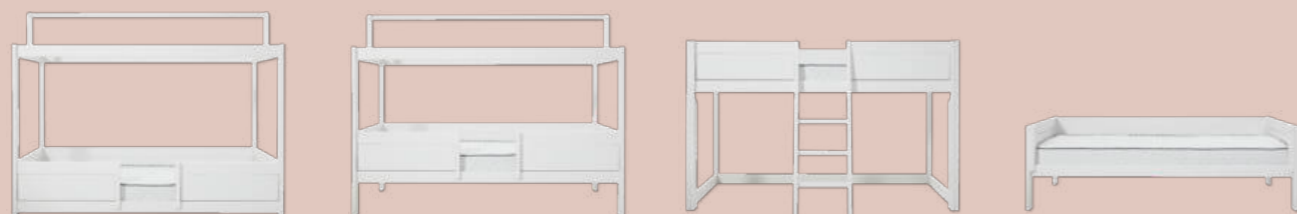

Once your child can independently enter the basic bed height, you can lift the bed up and combine it with practical storage drawers or a guest bed, to pull out from under the bed.

3. THE SEMI-HIGH BED

Once the bed becomes the focus area for play, you can build a semi-high bed and create an additional play area under the bed. Here you can optionally add a play mattress, storage options, bookshelves or a play curtain to adjust to the needs of your child.

4. THE BASIC BED

Once your child does not prefer the semi-high bed anymore, the rebuild to a simple basic bed might be the favourite option. You can always style it up with supplementary storage drawers, guest beds, or just leave it as it is.

WHAT KIND OF BED DO YOU DREAM OF?

Our LIFETIME beds are based on the concept of one BASIC BED. That means that the basic bed is the foundation of modularity and is part of all the bed combinations. When you have a basic bed, you chose which combination you would like to add or remove. Therefore, the basic bed can be re-build to match the current wishes of the child and grow with it.

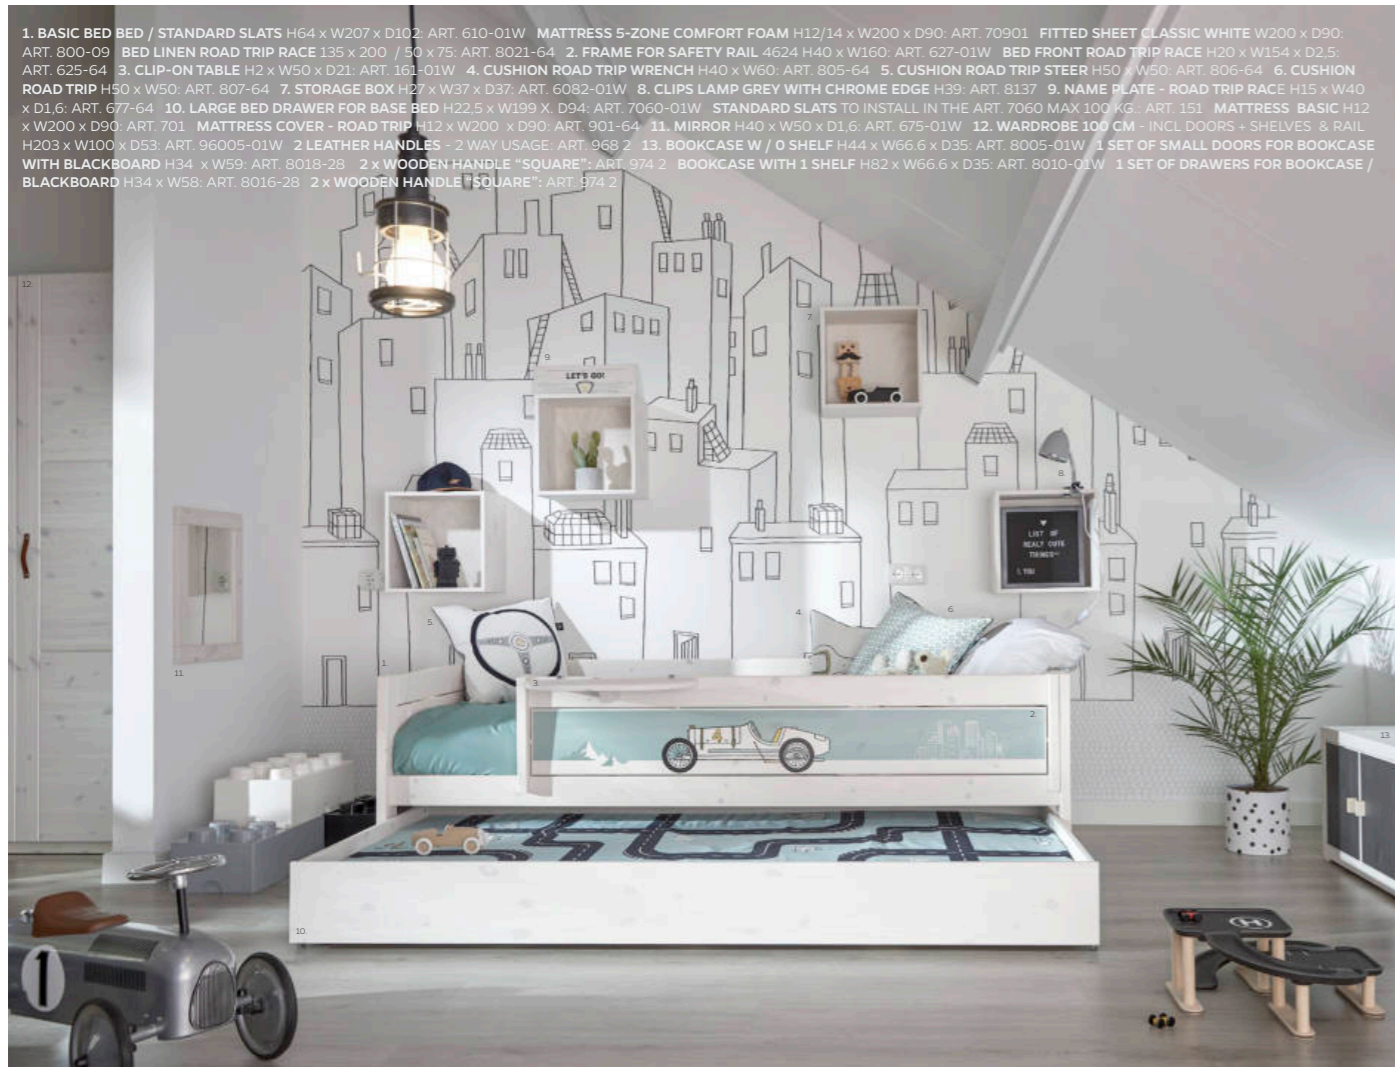

FLEXIBLE POSSIBILITIES

Although the story of our company can be traced back to 1837, it was in 1972 that the family business started with producing furniture focussing on children.

Therefore, our LIFETIME brand celebrates its 50-year anniversary in 2022.

Lars Hans Engel established the company and passed it on to his son Martin Schack Engel

1974

The increasing demand for children's furniture shifted the company's focus and a new furniture collection called CLASSIC was designed. The bed system was using wooden wedges to join elements together and was promoting the concept of a basic bed and modular furniture.

1982

Martin's sons, John and Lars joined the family business as the 3rd generation. John became responsible for sales and distribution, whereas Lars was responsible for the production.

1995

Both sons inherited the company from their father and continued his legacy with another collection called COMPACT and later ORIGINAL. LIFETIME became the new brand of the family business. In the following years the product range was extended, and bed linen, other accessories and colourful bed fronts were added to the collection.

2006

The idea, to create outdoor spaces for indoor children's rooms, was the basic concept of the first hut bed TREE HOUSE. The hut bed became a bestseller and therefore the foundation of other hut bed creations. Whitewash and white beds took over and became most popular.

2008

Long-term employee Keld Nielsen joined as a new co-owner and director and the production and distribution units were merged and run under the name M. Schack Engel A/S. Shortly after Lars Engel retired.

2013

Henrik, son of John Engel, joined the family business as the first child of the 4th generation. The LIFETIME collection continuously developed to create a "hyggelig" (cosy) space inside the children's room.

2018

A new product range called COOL KIDS was designed to provide an alternative concept that builds on a simple line, with less modularity. However, the LIFETIME ORIGINAL concept continued growing due to the high demand for our brand with exciting theme beds.

2022

We are proudly celebrating 50 years of LIFETIME, which has been a journey of continuous learning, developing and rethinking, with the mission to fulfil dreams. Our journey started with individual furniture items and continues with an entire universe of modular furniture and accessories to create cosy and exciting childhood memories.

SUSTAINABLE DEVELOPMENT GOALS

LIFETIME SUPPORTS THE SUSTAINABLE DEVELOPMENT GOALS AND FOCUSES ON THE FOLLOWING AREAS IN 2022

5 GENDER EQUALITY

LIFETIME's 60 employees are both women and men of all ages. We value the experience of the employees who have been loyal for many years and contribute with their many years of experience and knowledge. We also embrace the new visions of those employees who are newly joining us and challenge us to develop and become better. We work hard for creating a balanced work environment in our factories and office, where everybody feels welcome and as a part of the LIFETIME family.

8 DECENT WORK AND ECONOMIC GROWTH

At LIFETIME we promote decent work. All our employees receive fair wages, pensions and health insurances that also support in the rare case of an accident or sickness. We provide a safe working environment and support employees with ergonomic equipment where possible. Furthermore, we let robots do the heavy lifting, so that our employees will stay with us for a long time. Our traded goods come exclusively from cooperating partners, that offer decent work requirements or Fairtrade conditions and are screened regularly. It is important to us to contribute with a positive impact locally and globally.

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Our beds are made to last, rebuild and reuse. We offer our products through local resellers, to ensure great service and assistance locally to our many customers. LIFETIME beds are continuously developed to offer various options for rebuilding and customization, in order to fulfil dreams way beyond our solid basic bed.

If you are interested to learn more about LIFETIME's sustainable approaches, you can find more information on our website.

15 LIFE ON LAND

When it comes to materials, we have high expectations. Therefore, we cooperate with suppliers, who can provide the absolutely best raw materials, produced under the ideal conditions. Our materials come from responsibly driven forests (FSC) in the colder regions of the EU, where resources are sustainably managed for future generations.

FAIRTRADE LIGHTINGS MAKE THE WORLD A BIT BRIGHTER

TRUST IN TEXTILES

LIFETIME does not only produce beds, but creates a cosy universe (Danish: hygge) to learn, play and sleep. We offer different kinds of lighting that help to create this wonderful ambience, where every child can dream and feel safe. We collaborate with our partners to provide sustainable products, that are produced under Fair-Trade conditions.

WITH EVERY LIGHT WE CONTRIBUTE TO THE LOCAL COMMUNITIES.

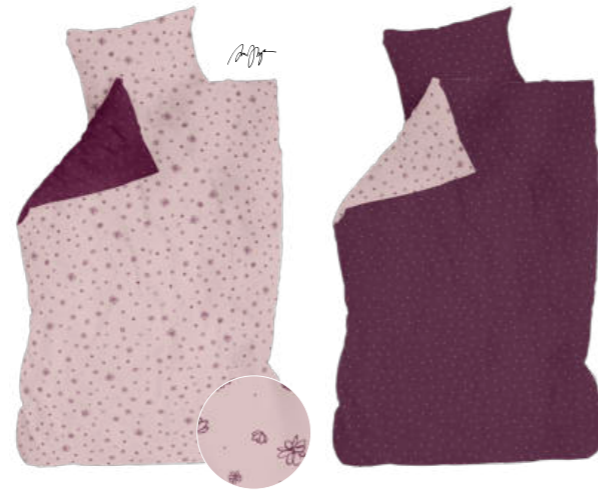

LIFETIME makes sure that all textile items are produced according to European Standards. Our bed linen and mattress covers are certified according to the OEKO-TEX 100 STANDARD. That way we know that the textiles do not contain harmful substances and are safe to sleep with. Sustainable thinking is the basis for all our product development, and we will continue this approach, because we know:

CHILDREN ARE OUR FUTURE.

LIFETIME®

by *Charlotte Höncke*
Charlotte Höncke

CHARLOTTE HÖNCKE

In cooperation with the Danish designer **Charlotte Höncke**, LIFETIME Kidsrooms proudly presents the CHILL collection.

The CHILL collection consists of a stool, a chair, a bench and a round table, which are designed to invite our juniors to a cosy yet comfortable seating area, that inspires to play and relax.

Charlotte Höncke is a passionate furniture designer from Aarhus, Denmark. Her designs are pure and simple, yet she enjoys taking a playful approach to make her designs stand out. Our out-standing CHILL collection is designed to create a little “hygge” (cosy) corner or lounge set-up that can easily be placed together with grown-up furniture or stand by itself in the children’s room.

The items can be mixed and matched according to the individual needs. The soft seating cushions add a warm and functional touch to the design, as they are removable and washable. This little set is a cosy staple to any children’s room.

1. CHILL PLAY TABLE - FROSTED BLUE H50 x Ø 60: ART. 350-45 2. CHILL STOOL - FROSTED BLUE H30 x W32 x D32: ART. 356-45 3. CHILL STOOL - MIDNIGHT SHADE H30 x W32 x D32: ART. 356-47 4. LORENA CANALS

In collaboration with the international textile designer **Lorena Canals**, LIFETIME proudly presents the washable collections PRINCESS, WILD LIFE, BUTTERFLIES and CANOE ADVENTURE.

Lorena Canals, creator of the washable rug concept, creates safe and functional home decor with environmentally friendly, handmade rugs and accessories. These are made of natural cotton and non-toxic dyes to ensure a durable product that lasts after washing and makes every-day life easier. Her business idea is based on creating a perfect rug for a child-friendly home.

Together with a team of nearly 200 artisans, Lorena Canals works tirelessly to get every detail right for her unique and sustainable pieces of art. The production takes place in her factories in India and is supported from offices and warehouses around the world.

Special focus on quality throughout the entire production process, from the selection of the best raw materials to the promotion of socially responsible labour practices, make these items outstanding products and fantastic additions to any children's room.

LIFETIME COTTON BALLS

LIFETIME cotton balls are produced under Fair-Trade conditions by local people in Chiang Mai. By carefully crafting our handmade cotton balls at home, the workers can earn a fair wage while balancing work with their family lives and homes. Every light contributes to the local communities.

LIFETIME offers cool and outstanding accessories to create a unique atmosphere for children's rooms.

The material for the WOOD LIGHT is removed from wild growing trees on fruit plants and kept alive in form of our handmade magical light installations.

Through our collaboration we manage to capture a little bit from nature and bring it into our sleeping paradise, where it can inspire wild dreams.

OPTIMIZE YOUR BED

Our LIFETIME high, semi-high and low-loft beds offer additional space under the bed that can be used creatively. Our ALL-IN-ONE storage system is designed to fit perfectly into the space under the bed.

The open space can be transformed into functional and clever storage solutions. That way you might not even need a wardrobe. All modular items are free-standing units and can also be placed individually in the room.

SEMI-HIGH BED WITH STEPLADDER

LOW-LOFT BED WITH STEPLADDER

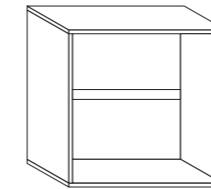

HIGH-RISE BED WITH STEPLADDER

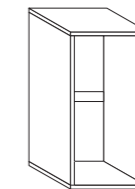

Another smart addition is the stepladder, as it combines safe entry and exit to the bed with practical storage options.

	This Basic mattress is a great play mattress or a extra mattress for your guests. It fits perfectly for the jump up bed 7050 or bed drawer 7060+151.	This Comfort mattress is for the 'cozy-sleeper' who wants a great basic mattress with some extra comfort and good support at shoulders, back and hip.	This Advanced mattress is for the 'sensitive-sleeper' who wants a mattress that molds to the body. Provides additional support and pressure relief for the whole body.	This Classic mattress is for the 'deep-sleeper' who loves the spring mattress. This mattress has good support while resting - the springs increase the hardness.	This Deluxe mattress is for the 'comfort-sleeper' who needs perfect support and pressure relief for the whole body. This mattress effectively absorbs movements in the bed for undisturbed sleep.
	HARD	HARD	MEDIUM	MEDIUM	MEDIUM/SOFT
	Even pressure distribution	The comfort zones ensure improved pressure distribution	Optimized pressure distribution because of the 7 comfort zones	The pocket springs ensure uniformity and even pressure distribution	Excellent pressure distribution due to the materials' excellence and elasticity
	Low breathability	Good breathability	Great breathability	Great breathability and air circulation due to the open, ventilating construction	Great breathability and air circulation due to the properties of the materials
	Normal	Normal	Durable materials with long life	Durable material with long life	Firm materials with excellent durability for a long product lifetime
	SG30 Polyether core	SG30 5-zone cutted polyether core	HR35 7-zone cutted cold foam core	Pocket spring core (216 springs/m2), with 2 sides of HR44 cold foam	Core combination of 7 CM HR35 cold foam and 5 CM LATEX 70 kg/m3. Reversible mattress with medium/soft side to adapt to the child's growth
	Single fabric, 100% cotton, with a 2-side zipper, washable at 60°	Double stretch fabric, 100% polyester, heavy quilted, with a 3-side zipper, washable at 60° Included a Sanitized treatment for outstanding durability, and against activity of bacteria, fungi and dust mites. Fire Retardant (Cover), (EN597, part 1)	Luxury Micro Tencel fabric, 65% polyester & 35% cotton, heavy quilted, with a 3-sided zipper and borderpiping. This fabric is extra soft, has a high absorbance of water, silky sheen and is thermos regulating. The fabric has also a, dermatologically tested. Clean & Fresh treatment for the best hygiene protection of the fabric, against dust mites and other micro-organisms and protection against mould stains and unpleasant odours. 	Suits the LIFETIME playmattress covers and is a good mattress for sleepover guests	Good basic mattress with comfort zones	Mattress with extra comfort zones	Pocket spring mattress with good support and comfort	Hypoallergenic and antibacterial mattress with extra comfort features
	★ ★ ☆ ☆ ☆	★ ★ ★ ☆ ☆	★ ★ ★ ★ ☆	★ ★ ★ ★ ☆	★ ★ ★ ★ ☆

EVERY BED DESERVES A LIFETIME MATTRESS

Your child spends many hours sleeping, and a proper mattress ensures not only a good night rest, but also a proper support for the development of the child. Our range of high-quality mattresses provide optimal support during night-time and come with a 5-year guarantee. All mattress covers are certified according to OEKO-TEX 100 STANDARD.

ALLOW YOUR CHILD TO SLEEP WELL.

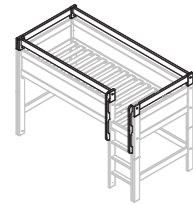

The height of our mattresses are 12-14 cm and 14-16 cm for pocket spring. This gives the child the support it needs, and is the max. height, making sure that our safety guard is still high enough to comply with the safety standard DIN EN 747-1:2015.

WE ENSURE SAFETY

Although our beds are complying to the DIN norm requirements, we like to offer additional safety features. Some children like to play wildly in their beds or sleep restlessly. Therefore, we are launching our extended safety guard options, that can be mounted onto all 90 x 200 cm beds. The additional safety guard raises the height of the bed sides and prevents the child from falling out. That way your entire family can sleep safe and sound.

DESIGN YOUR DREAM IN 3D

Are you uncertain if the bed fits into your room?
Or could you make a wardrobe fit as well?

Now you can be sure, by virtually designing your room with our cool 3D feature!

You can define the size of your room, decorate the walls and add flooring or windows. Then add your dream bed, wardrobe, shelves, desk and accessories. You can move everything around to find the best fit. Explore LIFETIME with our 3D feature and become your own room-stylist!
