Grand Tamtam turquoise  
LC-PP-09-50-GTA-TUR  
Roll of 10mts x 50cm

## LES PANORAMIQUES

Comme une fenêtre ouverte sur un ailleurs... Osez le décor panoramique ! Et retrouvez toute la beauté d'un paysage sur votre mur.

Nos décors panoramiques sont disponibles en rouleaux standard ou sur-mesure.

Nos fresques standard mesurent 330 cm de haut et 450 cm de large. Elles sont composées de 3 panneaux, chacun pouvant être acheté individuellement. Chaque panneau est composé de 3 lés mesurant 330 cm de long et 50 cm de large.

Nos fresques sur-mesure sont proposées dans une large gamme de coloris. Conçues par notre studio de création, elles s'intègrent à votre intérieur en tenant compte des contraintes architecturales de votre espace. Nous travaillons le positionnement des motifs, intégrant une fenêtre, une sous-pente ou une colonne à l'équilibre du décor. Ainsi, chaque dessin est unique. Les fresques sur-mesure sont livrées prêt-à-poser, en lés prédécoupés et numérotés pour faciliter la pose.

Imprimés sur du papier intissé mat ou lessivable, nos panneaux décoratifs ne contiennent pas de PVC. Nous utilisons des encres à base d'eau, sans solvant ni COV, certifiées UL greenguard gold et UL ecologo. Nos décors panoramiques garantissent de très faibles émissions de gaz volatiles (classement A+ pour l'air intérieur).

## MURALS

Dare to have a panoramic setting! And find all the beauty of a landscape on your wall.

Our panoramic decorations are available in standard rolls or made to measure.

Our standard murals are 330cm high and 450cm wide. They are made up of 3 panels, each of which can be purchased individually. Each panel is made up of 3 strips measuring 330 cm long and 50 cm wide.

Our made-to-measure frescoes are available in a wide range of colours. Designed by our design studio, they fit into your interior, taking into account the architectural constraints of your space. We work on the positioning of the motifs, integrating a window, a sub-slope or a column into the balance of the decor. Thus, each drawing is unique. The made-to-measure frescoes are delivered ready-to-install, in pre-cut and numbered strips to facilitate installation.

Printed on matte or washable non-woven paper, our decorative panels do not contain PVC. We use water-based inks, solvent-free and VOC-free, UL greenguard gold and UL ecologo certified. Our panoramic decors guarantee very low volatile gas emissions (A+ classification for indoor air).
